Technical data sheet

-					
Temperature measurement	Remote Temperature Sensor Length	Optional: 4.9 ft. [1.5m], 9.8 ft. [3m], 16.4 ft. [5m] Standard: 32.8 ft. [10m]			
Flow measurement	Measuring accuracy flow	±2%*			
	Measurement Repeatability	±0.5% (Flow)			
	Sensor Technology	Ultrasonic with glycol and temperature compensation			
Safety data	Power source UL	Class 2 Supply			
	Degree of protection IEC/EN	IP54			
	Degree of protection NEMA/UL	NEMA 1			
	Enclosure	UL Enclosure Type 1			
	Agency Listing	cULus acc. to UL60730-1A/-2-14, CAN/CSA E60730-1:02			
		CE acc. to 2014/30/EU and 2014/35/EU			
	Quality Standard	ISO 9001			
	UL 2043 Compliant	Suitable for use in air plenums per Section 300.22(C) of the NEC and Section 602 of the IMC			
	Ambient humidity	Max. 95% RH, non-condensing			
	Ambient temperature	-22122°F [-3050°C]			
	Storage temperature	-40176°F [-4080°C]			
Materials	Valve body	Cast iron - GG 25			
	Flow measuring pipe	Ductile cast iron - GGG50			
	Stem	stainless steel			
	Stem seal	EPDM (lubricated)			
	Seat	PTFE			
	Characterized disc	stainless steel			
	O-ring	Viton			
	Ball	stainless steel			

Safety notes

• WARNING: This product can expose you to lead which is known to the State of California to cause cancer and reproductive harm. For more information go to www.p65warnings.ca.gov

Product features

	Application	Water-side control of heating and cooling systems for AHUs and water coils.				
	Operation	n The Energy Valve is an energy metering pressure independent control valve that measu documents and optimises water coil performance.				
	Flow measurement	*All flow tolerances are at 68°F [20°C] & water.				
Accessories						
	Electrical accessories	Description	Туре			
		Replacement flow sensor for Belimo Energy Valve™, electromagnetic	EV FS-60			
		Replacement temperature sensors for Belimo Energy Valve™, 65150 1.5	EV-RT-15			
		m				

Description	Туре
Replacement temperature sensors for Belimo Energy Valve™, 65150 10 ft [3 m]	EV-RT-30
Replacement temperature sensors for Belimo Energy Valve™, 65150 16 ft [5 m]	EV-RT-50
Replacement temperature sensors for Belimo Energy Valve™, 65150 10 m	EV-RT-100
Service tool, with ZIP-USB function, for programmable and communicative Belimo actuators, VAV controller and HVAC performance devices	ZTH US

Electrical installation

Wire colors:

- 1 = black
- 2 = red
- 3 = white
- 5 = orange
- 6 = pink
- 7 = grey

Actuators with appliance cables are numbered.

Actuators may be connected in parallel. Power consumption and input impedance must be observed.

Actuators may also be powered by DC 24 V.

Actuators with plenum cable do not have numbers; use color codes instead.

Meets cULus requirements without the need of an electrical ground connection.

Warning! Live electrical components!

During installation, testing, servicing and troubleshooting of this product, it may be necessary to work with live electrical components. Have a qualified licensed electrician or other individual who has been properly trained in handling live electrical components perform these tasks. Failure to follow all electrical safety precautions when exposed to live electrical components could result in death or serious injury.

Conventional operation
